PROBLEM OF LABOR NEXT TO COME UP

Diverse Views of Leaders Must Be Reconciled By Peace Conference.

GOMPERS PUSHING THINGS

American, as Head of This Part of Program, Has Been Losing No Time in Preparing Report for Supreme Council; German President Chosen.

By Associated Press.

PARIS, Feb. 12—While President Wilson and the Allied premiers and generals are deeply engrossed in perfecting the plan for the creation of a society of nations and arranging the new terms to be imposed upon Germany for a renewal of the armistice expiring next Monday other subjects of the greatest importance are being prepared for the consideration of the peace conference. It is expected that the conference will spend little time discussing them, however, and will pass most of them into the society of nations when the latter has been created and is ready to function.

Foremost on the secondary program are recommendations of the commission on international labor legislation. The commission is one of the few having an American at its head and Samuel Gompers, the chairman, has been pushing work along at a great rate.

There have been difficulties in reconciling the diverse views of British and American interests, as each is radical in some respects and conservative in others, in the opinion of some labor leaders. The British are radicals where Americans are cautious, while the Americans throw conservatism to the winds when considering matters on which the British are careful.

Meetings are going on today as they have been almost continuously during the last few days. Between men who have come to Paris at the call of President Wilson and the premiers to deal with great financial problems arising out of the war. Every delegation admits the gravity of the problems presented and the absolute necessity for their settlement if the world is to be saved from universal bankruptcy.

RUSSIAN SITUATION BELIEVED CLEARING.

PARIS, Feb. 12.—Prospects are brightening for the assembling of at least four of the Russian factions at the conference to be held on the Princes Island.

Word has come from the Ukraine that the government of that former part of Russia will participate, and it is reported that the indecision of the government of General Denikine has given way to a desire to join. The government of the Crimea already has accepted the invitation as has the Russian Bolshevik government.

It is beginning to appear that a sufficient number of other factions will be in evidence to meet the Bolsheviki and the Entente and the Amermile as announced by officials of the success of the conference plan. The success of the conference, however, is believed to depend upon the willingness of the Moscow soviets to give certain guarantees such as the cessation of hostilities and the withdrawal of the Bolshevik forces from the provinces which they have invaded. It is by no means certain that the soviet governments will agree to any such guarantee.

RAILROAD RESTORATION PLAN ACCEPTED.

WASHINGTON, Feb. 12.—Acting Secretary Polk announced at the State Department today that the United States now had accepted formally the proposal of the Japanese government in regard to plans for the restoration of railroad traffic in Siberia.

BELGIANS DEMAND GERMAN TERRITORY.

PARIS, Feb. 12.—The Belgian claims as placed before the supreme council yesterday include a demand for the return to Belgium of some territory held by Germany in addition to requests for free navigation of the Scheldt and the restitution of certain territories held by the Dutch. The German districts demanded are Mont Joie and Malmedy, just east of the present Belgian-German border. The population of these districts is mainly Walloon and their possession by Belgium, it was pointed out, would deprive Germany of an outlet for a new invasion of Belgium.

EBERT PRESIDENT OF GERMAN REPUBLIC.

BASEL, Feb. 12.—The German National Assembly yesterday elected Frederick Ebert president of the German state by a vote of 277 out of 379 votes—a majority of 102. Herr Ebert accepted the election. Count von Posadowski-Wehener received 49 votes.

Hunters Return.

F. R. Bradford, J. C. Moore and John McKelvey, the latter of Pittsburg, are home from a hunting trip to Donora, S. C. Mr. Bradford has been in the south for some weeks past and was joined later by Mr. Moore and Mrs. McKelvey. They report lots of quail.

JAPAN NOT COERCING CHINA, VICE FOREIGN MINISTER ASSERTS

Simply Called Attention to Established Procedure in Mater of Confidential Correspondence.

By Associated Press.

TOKIO, Monday, Feb. 12.—Kijurio Schidehara, vice foreign minister of Japan, speaking today regarding the publication of Chinese treaties with Japan, said that the latter had "simply called to China's attention the established procedure according to which neither government has a right to publish confidential correspondence without previously consulting the other."

"Japan has no intention to interfere with any demands or contentions which the Chinese prefer to present to the peace conference," he said. "Accordingly Pekin and Paris reports to the contrary are absolutely untrue."

INTERNATIONAL MILITARY FORCE, PLAN OF FRANCE

By Associated Press.

PARIS, Feb. 12—The French government formally presented to the league of nations' commission last night an article creating an international military force.

The introduction of this article for inclusion in the society of nations' plans closely follows the disclosure by Premier Clemenceau in his recent interview with the Associated Press of his conviction that the league of nations must be supported "by the determination of each nation entering into agreement to be willing to renounce its traditional aloofness from other peoples and willing to employ the national strength outside its own country both in time of peace as well as under the pressure of war."

LEADERS NOT SATISFIED

Definite Proposals for Dealing With Labor Unrest in England Sought.

By Associated Press.

LONDON, Feb. 12—While the press generally approves of Premier Lloyd George's labor program it fails to satisfy the parliamentary labor party.

It has prepared an amendment to the reply to the speech from the throne regretting the absence of definite proposals dealing with "the present cases of industrial unrest and for securing as regards wages and working hours, conditions of labor which will establish a higher standard of life and social well being for the people."

MILE IN 24 SECONDS

By Attaining This Speed DePalma Breaks World Auto Record.

By Associated Press.

DAYTONA, Fla., Feb. 12.—Ralph DePalma broke the world's automobile record for both a mile and a kilometer in straightaway dashes today on Daytona Beach. The time for the mile as announced by officials of the automobile association of America was 24.2 seconds against Bob Burman's record of 25.40 seconds made in 1911.

DePalma's kilometer time was 15.86 seconds or two seconds below the record.

COMMISSION TO STUDY BELGIAN CLAIMS LIKELY

PARIS, Feb. 12—It is believed that a special commission will be appointed to study Belgian claims as has been done in the consideration of the territorial problems, says a Havas report.

In addition to Marshal Foch, Marshal Petain and Field Marshal Haig, General Pershing and General Diaz will be present at today's session of the supreme war council to deal with the terms for the renewal of the armistice.

"Mike" Perella Home.

Corporal Michael Perella, who has been connected with Aero Suadron N of the 1st unit at Wilbur Wright Field, Dayton, Ohio, returned home last night on Baltimore & Ohio train No. 10. "There's no place like home," said Mike. "The train couldn't travel fast enough to suit me last night and she was making about 60 miles an hour."

Siberian Losses 324.

WASHINGTON, Feb. 12—A cablegram today from the headquarters of the American Expeditionary Forces in France gave the total casualties in American forces in Siberia up to February 9 as 10 officers and 314 men killed, died of wounds and disease, wounded and missing in action.

Counterfeiters Taken.

PITTSBURG, Feb. 12.—With the arrest yesterday of Nellie Lyons, 28, and Boyd Willis, alias Henry Lyons, both colored, police believe they have in custody the leading spirits of one of the largest counterfeiting gangs the government ever has had to deal with.

Pennsylvania Casuals Coming.

WASHINGTON, Feb. 12—The cruisers Pueblo and Montana and the transport LaTouraine have sailed from France with about 5,000 troops and all are due to reach New York about February 21. The Pueblo is bringing companies of Pennsylvania casuals.

BETTER EXPRESS SERVICE PURPOSE OF CAMPAIGN HERE

Conference of Employes to Discuss Ways and Means Called By Agent.

COMMITTEE IS APPOINTED

Its Function Will be to Work With Shippers in Bettering Conditions Generally in the Handling of Expressage; Has Been Below Standard

The nation-wide campaign inaugurated by the American Railway Express company to bring about better methods of packing and marking express shipments began today with the first of a series of meetings of express employes to be held in this city during the month of the drive. At convenient periods throughout the day Agent H. B. Rishebarger called together groups of his co-workers and urged them to put their full force behind the campaign now under way and to work with shippers in accomplishing decisive results in bettering the express service.

Vehicle men, depot platform and claim bureau and office employes were each addrssed by the agent or his "Four-Minute Men" who made appeals for their active coöperation. There is room for improvement everywhere, they stated. Owing to conditions brought about by the war, they said, the express service had not been as good as the company had expected to make it. But with these obstacles removed and every expressman doing his part, the way has been cleared for a very marked change for the better.

In urging the men to seek the coöperation of shippers in the drive, the agent brought to the attention of the drivers the necessity of giving them all the aid possible in bringing their packing and marking methods up to the required standard. It was acknowledged that the manner of packing and marking varies with the commodities, but the question of whether a shipment is in proper condition for handling to destination safely must be left to the good judgment of the driver, who has been thoroughly instructed on the rules and regulations.

After the "four minute" speeches Agent Rishebarger announced the appointment of a "better service campaign committee," made up of the following, A. B. Nicholson, R. S. Hailey, P. H. Ralston, Joe May, Clarence Trump and Miss Nehls, representing each branch of the local organization. He requested the men selected to keep watch on the conditions of business as it passed through the terminals and to call personally on shippers whose consignments needed attention.

One of the most serious problems that the express company has to face is that of "no mark" express matter, the agent stated. These are shipments which, because of their inadequate packing or marking, lose all trace of identification, either of the shipper or the consignee, and must be sent to "no mark bureaus" where an effort is made to put them back on the right track. The use of tags was discouraged, except where absolutely necessary, and then two should be added.

The present campaign is regarded as one of the most significant and important steps taken by a transportation agency for the betterment of its service. A second meeting of the series will be held next week and other topics of pertinent interest to the campaign will be taken up.

RAY SHELBY NAMED FOR 10-YEAR TERM ON SERVICE BOARD

Uniontown Attorney Succeeds M. J. Ryan, Philadelphia, at Harrisburg.

SALARY $10,000 YEARLY

Appointment is First in Major Line Sought by State Chairman William E. Crow, Shelby's Law Partner; S. M. Clement, Jr., Succeeds Magee.

S. Ray Shelby of Uniontown, law partner of Senator William E. Crow, Republican state chairman, was named yesterday by Governor William C. Sproul as a member of the Public Service Commission to succeed Michael J. Ryan of Philadelphia. At the same time the governor announced the appointment of Samuel M. Clement, Jr., of Philadelphia, to succeed William A. Magee of Pittsburg, and Harold M. McClure of Lewisburg to succeed himself.

The Senate has confirmed the nominations. Mr. Shelby will serve until July 1, 1928, or a term of 10 years; Mr. Clement until July 1, 1921, and Mr. McClure until July 1, 1923.

The appointment of Mr. Shelby is credited to Senator Crow. It is the first time in his long term of service as Republican state leader that Mr. Crow has asked for a major appointment for his county.

Sidney Ray Shelby is a leading member of the Fayette county bar and a former district attorney. Mr. Shelby graduated from Washington & Jefferson college in 1900 and went to Harvard law school where he was graduated in 1903. He was admitted to the Fayette county bar on May 29, 1905, since which time he has been associated with Senator Crow as law partner. He was elected district attorney in 1911, serving four years, and during which term he made a record as perhaps the best criminal prosecutor who has ever held the office. He is 43 years old.

His appointment will necessitate his removal from Uniontown to Harrisburg when he takes up his duties as a member of the state commission.

The salary of the office is $10,000 a year.

The other members of the Public Service Commission are: William D. B. Ainey, Montrose, chairman; John S. Rilling, Erie; Milton J. Brecht, Lancaster, and James Alcorn, Philadelphia.

The governor reappointed Frank D. Beary of Allentown to be adjutant general with the rank of brigadier general, of Pennsylvania National Guard, for a term of four years dating from October 4, 1917, and Nathan R. Buller of Pleasant Mount, Wayne county, to be commissioner of fisheries for a term of four years, dating from July 7, 1917.

The Beary appointment was confirmed, but, on motion of Senator T. Larry Eyre of Chester, the Buller nomination was sent to the Executive Nominations committee. It is understood that Mr. Eyre and Mr. Buller have had some personal differences, but it is not probable the Senate will reject any nomination made by Governor Sproul.

NEGRESS HELD ON SUSPICION OF BIG HOLDUP

Mike Elsie, Who Lost $1,250, Identifies Laura Brown As Thief.

THREE MORE ROBBERIES

Andy George Tackled by Thug in His Office, Police Are Informed; Pool Room and Restaurant Are Rifled; Other Robberies Are Denied.

Charged with suspicion of larceny, Laura Brown, a negress, was picked up by the police at 6 o'clock last night. She was later identified by Miko Esle as the colored woman who had assisted two negroes in holding him up and robbing him of $1,250 near the corner of Baldwin and Carnegie avenues Monday night. No information has yet been brought against the woman who was arrested by Lieutenant Thomas McDonald and Patrolman D. H. Turner.

A hat and a bottle of "dope" were found near the scene of the hold-up yesterday and turned over to the police. The woman would not claim the hat but was willing enough to accept the bottle. When arrested she had no hat. An endeavor to locate her companions will be made by the police.

Three robberies during the night were reported to the police. Andy Gorge, proprietor of the Union Auto company had been held up and robbed in his offices, it was said. Today the police did not know any of the details and Mr. George could not be located this morning.

Robbers entered the Royal pool rooms in North Pittsburg street last night and escaped with some silver change, about $5 worth of cigars and a seven-jewel gold watch. Entrance was gained through a rear window, which in the hurry of closing the place had been left unlocked.

The cash drawer was rifled and the cigars were taken from a small show case near the front of the pool room. The burglars looked into everything that could be opened but so far nothing else has been missed.

A cash register in an Italian restaurant in Water street was rifled about 10:15 o'clock and between $20 and $25 in cash was taken.

According to the report to the police a man entered the restaurant and demanded a sandwich. The waiter told him he had none of that particular kind and the customer became boisterous. The waiter left the room and when he returned the man was gone, together with the money which had been in the cash register. A search was made for the culprit but he was not found.

It was reported today that W. C. Bishop and Dr. C. S. Campbell had been held up. Dr. Campbell this morning denied the story.

George McBeth was held for court when given a hearing before Alderman Fred Munk yesterday. He was arrested on information of John H. Brown of Dickerson Run, charged with stealing a bundle containing a pair of shoes, safety razor, shirts and overalls, with a total value of about $15. The theft is said to have been made in a local bar.

Would Require Rebate Slips.

A bill introduced in the State Legislature by Assemblyman Russell B. McIntyre of Fayette county is pertinent to the present contest against the West Penn company for an increase of rates. Mr. McIntyre's bill would remove from the Public Service Commission its discretionary power with regard to requiring public utilities to issue rebate slips in cases where the rates are in dispute.

Prisoner Has Broken Arm.

William McMullen, arrested yesterday for drunkenness, discovered his arm was broken when he appeared before Mayor Duggan this morning for a hearing. He complained of his arm paining him and it dangled by his side. He was discharged and allowed to go to the hospital.

LEGISLATURE OF WEST VIRGINIA PASSES GAS BILL

Measure Has For Purpose Providing All Gas Needs For Home Consumption Before Export.

By Associated Press.

CHARLESTON, W. Va., Feb. 12.—The Steptoe bill passed several days ago by the house of delegates, was passed yesterday afternoon by the senate by a vote of 18 to 10 or one vote more than was shown by the test vote on amendment yesterday. This bill has for its purpose the conservation of natural gas for the use of West Virginia consumers in preference to consumers outside the state.

It provides that all gas companies shall satisfy to the limit of their ability all demands made upon them by West Virginia consumers, both commercial and domestic, for gas, before shipping any of its supply outside the state.

BRITISH MINERS INSIST ON SIX HOUR WORK DAY

By Associated Press.

LONDON, Feb. 12—The conference of the Miner's Federation of Great Britain at a meeting at Southford today decided against acceptance of the terms offered by the government for a settlement of the demands made by the federation.

The miners' federation, which has 800,000 members, wants a six-hour day and a 30 per cent increase in wages.

SOUND KEYNOTE TONIGHT

National Chairman Will R. Hays to Address Republican Gathering.

PITTSBURG, Feb. 12.—A profusion of American flags will greet 600 or more Pittsburg Republicans tonight when they assemble in the auditorium of the Americus club to listen to addresses by National Chairman Will R. Hays and United States Senator P. C. Knox, speeches which are expected to sound the keynote of the national campaign of 1920. The meeting will be preceded by a complimentary banquet.

Senator Knox arrived yesterday afternoon from Charleston, W. Va., and Mr. Hays came in this morning. At 1 o'clock there was a luncheon, at which Republican leaders and leading business men met the two guests. The entire seating capacity of 650 seats at the club house has been reserved for the event this evening.

A number of Western Pennsylvania congressmen will be in attendance at the banquet. Attorney General W. I. Schaffer and Supreme Judge John W. Kephart also are expected.

WITH ARMY IN GERMANY

Letters Indicate Private Joseph Cunningham is Not in Hospital.

If Joseph Cunningham of Company G, Sixth Infantry, has been ill and in a hospital in France, as yesterday's official casualty list said, he has never made the fact known to his aunt, Mrs. J. W. Howard of West Apple street, with whom he made his home. Just a few days ago Mrs. Howard received six letters from him. They informed her that he is in the best of health and is with the Army of Occupation in Germany.

Along with the letters Cunningham sent 125 views of places of interest along the Rhine. A photograph of himself shows him wearing a cross. What the insignia is Mrs. Howard does not know. He has never written her of any daring exploits.

WANTS CITY TO JOIN

Uniontown Delegation Here in Interest of Soldiers' Reception.

A meeting of Connellsville and Uniontown citizens was to be held at 4 o'clock this afternoon at the city hall in connection with a general homecoming for the Fayette county soldiers to determine whether or not Connellsville will join with Uniontown in a reception at that place.

Mayor Duggan said he is opposed to any general celebration being held in Uniontown as that city did not support a National Guard unit and because Connellsville is the military center of the county.

Railroad Tax Exemption Claims Worrying Indiana State Board.

By Associated Press.

INDIANAPOLIS, Feb. 12—Claims of exemption from taxation on all materials and supplies used in the operation of the railroads are to be made, according to information reaching the Indiana state board of tax commissioners, made public today.

The action may result in the loss to the state of several hundreds of thousands of dollars in revenues, it was said.

Liquidation Commission.

WASHINGTON, Feb. 12.—Appointment of "The United States Liquidation Commission—War Department," to liquidate the business and financial affairs of the American armies in England and France was announced today by Secretary Baker. Edwin B. Parker of Houston, Texas, is chairman.

MILITARY MINSTREL PLANNED

Purpose Would Be to Raise a Fund For Welcoming Returning Heroes.

MEETING FRIDAY NIGHT

At That Time Red Cross Street Fair Committee Will Name Committees and Work Out Fow of Details of the Plan for Big Benefit Performance.

Active steps toward getting the "ball rolling" in raising a fund for the homecoming of this city's fighting heroes will probably take a head Friday night when a meeting of the Red Cross street fair committee will be held to discuss the staging of a military minstrel.

Announcement of the coming meeting was made this morning. No definite plans have yet been formed but a tentative program for the minstrel will be submitted at the coming meeting. The conference is called for 8 o'clock in the offices of Dr. C. S. Campbell.

Members of the street fair committee believe that if a fund to give a celebration at the homecoming of the soldiers is once started it will grow rapidly. The present plan is to have the minstrel made up entirely of local talent. Further than that, however, no plans have been laid.

At the meeting Friday it is likely that committees to take charge of the various branches of the minstrel will be named. The date will likely be announced later, after the cast has been chosen and more definite arrangements are made.

There has been some agitation here for several weeks to start a fund for use when the local fighters return. Up to the present, however, nothing has been done. Although Mayor Duggan expressed himself as believing that some arrangements should be made he thought it could be done later.

It was his suggestion that any celebration which might be staged be held at some date after all the soldiers had returned, as it is evident that all the boys of Connellsville will not return together. To give the project an early start the street fair committee has determined on the military minstrel, which should raise several hundred dollars.

According to reports which have been received through letters written home by members of the 28th division, that command expects to sail sometime in March. Should the 28th leave France in March it would not be long before the Iron Division men are back at their homes.

It is also rumored that the 80th will sail from France at an early date. There are many city men in that division also and no celebration would be held before they returned to the city.

As it is not possible that these two organizations will return at the same time, therefore making it impossible for all the Connellsville service men to come back together, the date for honoring the soldiers will be left for the future. By starting a celebration fund at this time, however, it is felt that a goodly sum will be in the treasury when the time comes for having a gala day.

Several days ago George F. Pritchard announced a deposit of $50 at the Yough Trust company as a nucleus for the Company D entertainment fund.

TRAIN HITS AUTOMOBILE

Mrs. L. F. Shutterly, Scottdale, Painfully Hurt; Car Demolished.

While returning home from Connellsville last night, L. F. Shutterly of the Scottdale offices of the H. C. Frick Coke company, and Mrs. Shutterly were injured when a Ford automobile in which they were riding was struck by a local Baltimore & Ohio freight at the end of the Valley coke ovens. The car was dragged for about 100 feet and was completely demolished.

Mrs. Shutterly suffered a very bad laceration of the right arm above the elbow and was removed to the Cottage State hospital. Mr. Shutterly escaped with slight bruises.

MACCABEES DEAL CLOSED

Yough Tent Will Convert News Building For Use as Home.

The purchase of The News building by the Maccabees from H. M. Kephart was completed this morning with the exception of turning over the money, which would have been done also today had the banks been open.

The committee on remodeling will examine the building probably Monday and decide what shall be done. H. G. Batten stated this morning there is no doubt but what the building will be remodeled, for the tent does not want to go into debt by erecting a new building at this time.

Band Ordered to Seacoast.

Donald M. Kimmel, leader of the 110th Regiment Band, has received orders to move his organization to the seacoast according to a letter written by Corporal James Gilliland of the 110th Regiment to his parents, Mr. and Mrs. James Gilliland of Greensburg.

Society

The missionary pageant, "Christian-Enlightening the World," will be repeated tonight in the First Baptist church by the Young Ladies' Missionary Guild. About twenty-five young women and children, dressed in the costumes of many nations, will take part in the performance. Following the program the young women will sell candy, doughnuts and sandwiches, the entire proceeds to apply on the church missionary budget. Coffee will be served free. Mrs. E. F. Dougherty and daughter, Miss Frances, will appear in the leading roles. Others who will participate in the program are: Japan, Miss Stella Stauffer; China, Miss Alice Christy; India, Miss Ella Workman; a Hindu widow, little Miss Doris Humbert; Persia, Miss Florence Stauffer; Egypt, Miss Ruth Robinson; Congo, Miss Emma Jean Rhodes; the Armenian group, Miss Carrie Hrabak and Miss Frances Marietta; Spain, Mrs. Cora Beane Colborn; Greece, Miss Loretta Hatfield; Switzerland, Miss Helen Stauffer; Norway, Miss Laura Hay; Sweden, Miss Helen Mitchell; Holland, Miss Elsie Penn; Belgium, Miss Elsie Evans; France, Miss Burnham; Italy, Miss Grace Metzgar; England, Miss Rose Moore; Scotland, Miss Caroline Tenant; Ireland, Miss Mary Aline Kerr; South America, Miss Edna Christy; Mexico, Miss Pearl Witman; Indians, Miss Gladys Lyon and Master August Stickel; Eskimos, Dorothy Jackson and Marion Nelson; Canada, Miss Mae Goodwin; Columbia, Miss LaRue; Uncle Sam, Master Eugene Stickel. Miss Rhodes will give a reading and Miss Burnham will sing "The Marseillies." A pantomime, "On Judea's Hills," will also be presented by the younger children. Little Miss Eunice Grimm will sing. Music will also be rendered by a quartet.

Mrs. Mary Dunlop, the oldest and one of the best known residents of Connellsville, is today quietly celebrating her 97th birthday at the home of her granddaughter, Mrs. Daniel Sinclair, in North Pittsburg street. Following their usual custom, members of the King's Daughters of the First Presbyterian church, about forty in number, assembled last evening at the Sinclair home to celebrate the birthday of Mrs. Dunlop, who is the oldest member of the church. A short song service, including selections by the honor guest, was rendered. A social hour followed and a most enjoyable time was had. None enjoyed the evening more than Mrs. Dunlop. She enjoys splendid health and is remarkably active for a woman of her advanced years. In remembrance of the occasion the society presented Mrs. Dunlop with beautiful flowers and other gifts. Today she received many post cards of congratulation from friends. Mrs. Dunlop has resided in Connellsville for many years and of late has made her home with Mr. and Mrs. Sinclair. During the war she took an active interest in Red Cross work, always eager to do her bit. In the past three months she has completed ten layettes for the Belgians.

About twenty-five Connellsville ladies went to Markleton this morning on Baltimore & Ohio train No. 6 and are spending the day at the United States General hospital, No. 17. They took with them gifts, including smokes, candy and jellies, for the soldiers. A musical and literary program for the entertainment of the patients and other soldiers at the hospital was also rendered.

Plans for the twelfth annual banquet of the J. O. C. class of the First Methodist Episcopal church to be held tomorrow night in the church were completed at the regular meeting of the class held last evening at the home of Mrs. M. M. Custer in Snyder street. The banquet will be served at 8 o'clock by the Ladies' Aid society. Covers for about seventy-five will be laid. Miss Myra Fisher was appointed to secure flowers and to look after the decorating for the banquet. The meeting last evening was well attended, about forty-five persons being present. The class decided to give $10 towards the adoption of a French war orphan. Following the business meeting refreshments were served.

The regular meeting of the L. C. B. A. will be held tonight in the parochial school auditorium. All members are asked to attend.

Banns were published Sunday morning at the Immaculate Conception church for the marriage of Miss Josephine Lieb, daughter of Mr. and Mrs. Adam Lieb of South Connellsville, and Edward Lally of Wheeling, W. Va. The wedding will be an event of the latter part of this month. Miss Lieb is widely and favorably known. Her fiance is a well known young man of Wheeling and has friends here.

In announcing the marriage of Miss Ruth Lucille Taylor and Oliver Linwood Colbert, an error was made in the age of the bride. Mrs. Colbert is 16 instead of 15 years old.

The Daughters of Ruth Bible class of the Trinity Lutheran church met last evening at the home of Miss Besse Werner in South Sixth street, West Side. It was the first meeting of the class since the influenza epidemic and was attended by about twenty members. Various amusements were indulged in and refreshments were served.

The date for the annual Easter promenade of the Unity Fraternity has been set as Friday, April 25. The reception will be held in the state armory. The dance committee has been named and tentative plans have already been laid. It is expected that the affair will be one of the largest social events of Easter week.

Announcement has been made of the marriage of Miss May Frace of Clinton, N. J., and E. Dale Fields of Uniontown, solemnized on Tuesday, December 24th. The bride was graduated from Bryn Mawr and has visited at the home of the bridegroom's father, Enos W. Field, at Smithfield. She is a daughter of Dr. and Mrs. Joseph McCormick Frace of Clinton. The bridegroom is a well known Uniontown attorney.

STUDIO IMPROVED

Lewis Scolnick Adds Number of Modern Devices to Photographic Plant.

A number of improvements have been made at the New York photographic studio, North Pittsburg street, of which Lewis Scolnick, recently honorably discharged from the service, is proprietor. There has been installed in the laboratory a new drying device which works more quickly and better than the old one. There has also been installed a film tank to wash films and also one to wash plates. In the outer room is an electrical cabinet. This contains a large arc light and several large incandescent lamps. The cabinet is a great help to the photographer in solving lighting difficulties.

Mr. Scolnick has built in new dressing rooms, which makes it more convenient for the patrons of the studio. Everything about the studio now is strictly modern.

EIGHT AT THE ALTAR

Interest Increases in South Connellsville Revival.

The interest in the evangelistic services that are being conducted in the South Connellsville Evangelical church is increasing with each succeeding service. Three professions were made at the service on Monday evening.

Last evening Rev. J. O. Bishop of the Paradise Evangelical church preached a strong sermon to a large crowd on "After Death, the Judgment." When the invitation was given five came to the altar, and there were several requests for prayer. H. D. Shearer, who is assisting with the singing, rendered a selection entitled "My Dream." The meetings will be continued indefinitely.

Horse Is Neglected.

A horse which had been standing in Meadow lane from 3 o'clock yesterday afternoon until 8 o'clock this morning was taken to a livery stable by Patrolman P. M. Rulli. It is not known whether the animal was stolen or why the owner should have left it standing there throughout the night. The police declared this morning that the humane society ought to take action in the case.

Who Sent This Letter?

In The Courier mail this morning was a soldier letter written from France by "Billy," Second M. P. Corps Detachment, France, to his mother. There is no means of telling who "Billy" is or who is his mother. The sender is requested to furnish the name of the soldier and that of his mother.

Noble Matthews Ill.

PITTSBURG, Feb. 12—W. Noble Matthews, former superintendent of police, who was stricken with pneumonia several days ago, was reported last night to be in a critical condition at his home, 225 Forty-fourth street. It was said little hope was entertained for his recovery.

For Filing Data.

Representative McIntyre, Fayette county, introduced a bill at Harrisburg yesterday requiring Pennsylvania corporations to file with the Department of Labor and Industry data regarding capitalization, indebtedness and income annually.

The Grim Reaper

MERLE I. S. BOYD.

Merle I. S. Boyd, 16 years old, son of Myers Boyd, deceased, and Mrs. Ray Stillwagon Boyd, formerly of this city, died Tuesday afternoon at his home in Greensburg. Funeral services will be held at his home Friday morning at 11:30 o'clock, after which the funeral party will leave for Connellsville where the interment will be made in Hill Grove cemetery. The deceased was born in Connellsville and resided in Connellsville until his father's death. One year ago the family went to Greensburg to reside. He was a member of the senior class of the Greensburg high school and of the Christian church. The deceased was a grandson of J. W. Stillwagon of Connellsville.

PATRICK J. M'ARDLE.

The funeral of Patrick J. McArdle was held yesterday morning at 10 o'clock at the Immaculate Conception church in the presence of a number of relatives and friends of the deceased. Requiem high mass was celebrated by Rev. Father John T. Burns. The interment was made in St. Joseph's cemetery.

MRS. HARRIET HANEY.

Mrs. Harriet Haney, an aged resident of Vanderbilt, died this morning at the home of her daughter, Mrs. L. W. Coe, at Vanderbilt.

FAYETTE GIRL BOMBED

Miss Elizabeth Dewey, Who Was at Chateau-Thierry, Visits Uniontown.

Bombed by Hun aviators as many as five times in a single night, working under shell fire for four weeks, but for the greater part of her 15 months service in the comparative safety of Naval Base Hospital No. 5 at Brest, fighting death by accident and disease, Miss Elizabeth Dewey is home from overseas entitled to wear her twin service stripes with as much distinction as any battle scarred veteran from the infantry.

Miss Dewey arrived Tuesday for a visit with Mr. and Mrs. Theodore D. Bliss and other friends in Uniontown. She said last evening that she was "feeling fine," despite her strenuous and heartrending experiences of the last summer, when as a member of an operating team loaned by the Navy to the Army for the great offensive launched at Chateau-Thierry, she was in the very thick of the fight waged by doctors and nurses back of the battle lines which turned the tide against Germany.

FATHER AND SON DIE

Former Victim of Injuries in Mine, Latter of Heart Disease.

GREENSBURG, Feb. 12—Following the death of a son yesterday afternoon, Thomas Elliott of Grapeville died last night. Elliott's soldier son, Albert Elliott, was killed in action last October in France.

Thomas Elliott had received injuries in a mine accident recently. It was while Mrs. Elliott was at the bedside of her dying husband that a messenger brought word that her younger son, Thomas Elliott, had succumbed to heart failure.

THE BOND SHARK.

Bank Warns Bond Holders Against Sharks.

It is reported that many offers are being made to exchange so-called Securities and other things for Liberty Bonds. Bondholders should avoid the Bond Sharks. Liberty Bonds are the Best Securities in the World. Hold them, if possible. If you need a little money, The Citizens National Bank will allow a loan and accept Liberty Bonds as collateral security. 138 Pittsburg street, Connellsville.—Adv.

Several Want Job.

SMITHFIELD, Feb. 12.—As the time approaches for Postmaster F. P. Moats' resignation to take effect other candidates for the position besides Miss Pauline Frankenberry, assistant postmistress, have developed. It is currently reported that William Britt and F. B. Whoolery of Georges township, and both school teachers, are applicants for the place. They have both taken out papers and will take the civil service examination to be held at Uniontown, February 19. Britt was a draftee, but did not get to go overseas. He was recently discharged from Camp Lee.

Is Your Blood Starving For Want of Iron?

Iron Is Red-Blood Food—Nuxated Iron Helps Put Roses Into the Cheeks of Women and Strength and Energy Into the Veins of Men.

If you were to go without eating until you become weak, thin and emaciated, you could not do a more serious harm to yourself than when you let your blood literally starve for want of iron—iron that gives it strength and power to change food into living tissue, muscle and brain. Without plenty of iron in the blood, no matter how much or what you eat, your food simply passes through you without doing you any good—you don't get the strength out of it and instead of being filled with youthful strength and energy you are weak, nervous and all run-down. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks, then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form. But don't take the old kinds of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. You can procure Nuxated Iron from your druggist on an absolute guarantee of satisfaction or your money will be refunded.

BUTTONS AND BRAID AND A BIT OF SERGE

Did you ever see such enormous buttons in your life? But they really were that size and the buckle was to match. There are four buttons more on two wide flap pockets in front. Otherwise it is a perfectly plain frock if it can be called plain with dozens of rows of braid around the neck and skirt bottom. The material is navy blue serge with black silk braid.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Literary Societies Meet.

The regular meeting of the Krister Literary society was held in the study hall on Monday afternoon, February 10. The president, Donald Hustead, was in the chair. The president appointed the following committees: Program, J. Warren Brooks and Dorothy Miller; arrangements, Robert Marlin and Donald Pahel. At the next meeting roll call quotations will refer to Washington. The following program was carried out: Music, "The River Song," seventh grade; music, Robert Barkell; question box; declamation, "Fun," Lawrence Ferguson; society paper, V. R. Hurst; music, Robert Barkell. After suggestions and criticisms by the pupil critic the society adjourned to meet in two weeks.

The fifth meeting of the Tennyson Literary society was held in the study hall, President Wayne Hurst presiding. The minutes of the previous meeting were read and approved. The roll call was responded to by quotations. The president then appointed the following committees: Program, Lois Faust, James Laughead and Gilbert Griffith; arrangements, Harold Hines, Frank Taylor and Leonard Goldenson. It was moved at the next meeting all the quotations be about Washington. The following program was rendered: Music, "Tenting on the Old Camp Ground," eighth grade; recitation, "What's the Lesson for Today," Esther Howell; declamation, "Fun," Bruce Anderson; question box, Harry Wenner; composition, "The First Pair of Long Trousers," Waide Moorehead; music, Anna Ehrenworth; declamation, "A Sermon on Rum," David Marshall; society paper, Robert Stoner; music, Anna Ehrenworth.

Proofs Count—Not Claims

Claims may be all right—but proofs count. Any merchant may claim for his merchandise and his store everything in the world—that is his privilege. But Aaron's is different. We never claim anything that we cannot prove. That's why every Aaron advertisement can be relied on.

Aaron's advertising is truthful—not exaggerated. Every article pictured in an Aaron advertisement is an exact reproduction of the article as it appears on our Floors. When we say that we have the largest varieties of exclusive, quality lines to choose from—the merchandise on our Six Big Floors will prove that.

Connellsville's Reliable AARON'S Homefurnishers Since 1891.

When we say that we always give you larger values than you can get elsewhere—careful comparison will prove that to your heart's content. And when we say that during this February Sale you get the benefit of ADDITIONAL 10% to 35% savings—you'll find the proof in comparing the Sale Tags with the original Tags on each article.

That's why Aaron's is at all times a safe place to buy Furniture, Rugs, Stoves and Homefurnishings.

Take Advantage of the Savings That Now Prevail on Rugs, Carpets and Linoleums.

GERMANY STILL AWAITS "THE DAY."

That the Germans have never regarded their army as having been beaten and that they are unrepentant for the wrongs they have done to civilization, has never been doubted by those who have been in intimate touch with or made a close study of the German character as it has been displayed in Germany. These facts have not been lacking ample confirmation at various times and in many ways since the signing of the armistice.

The sentiment of the people, as the peace negotiations move slowly toward a final settlement, has plainly indicated they are becoming even more and more inclined to refuse to recognize defeat or to recognize the crimes which caused their defeat. The defiant attitude of the people is not only shown by the increasing arrogance of the military authorities with respect to their delinquencies in complying with the terms of the armistice, is reflected in their newspapers, many of which continue to preach hatred of all peoples except the Germans. A typical example is furnished by the Deutsche Zeitung, one of the leading papers of Berlin. In a recent issue it said:

> Very well, then let's nurture in our hearts and the hearts of our children a profound and bitter hatred for our enemies. May every German, who loves his fatherland devote himself to spreading this hatred.
>
> In the meantime let us devote all our efforts to "regenerating Germany." Our country possesses resources which we ourselves never suspected, and the domination of the world by Germany isn't impossible even yet.

These statements give a clear idea of the thought, feeling and spirit of the German people. They are seeking to inculcate a bitter hatred of America, France and England, and are still holding fast to the hope that the day will yet come when they can conquer and rule the world.

The existence and more pronounced display of this unconquered, unpunished and unrepentant spirit creates a condition with respect to the future that cannot be viewed except with grave concern. True, the renewal of the armistice next week will provide opportunity to impose still harder conditions upon Germany, and the final articles of peace will bind her securely so that it will be difficult for her to disturb the peace of Europe or the world for many years to come, but there will remain the deep planted faith in her ability to gain her place in the sun, at a more propitious time in the future.

It is because of the belief that this would be the spirit of Germany and that it would ultimately lead to a far greater loss of life, that many Americans have inclined to the view that no armistice should have been considered and no peace granted, until the Allied armies had carried the war to the very gates of Berlin. The people of Germany, as well as her armies, would then have been given proof that they had been conquered and been brought to a realization of the meaning of war as other nations have suffered it.

"It would at the same time have been possible," says the Manufacturers' Record, "for the Allies and America in possession of Berlin to have watched over much of the Bolshevistic movement, which, having first been planted in Russia by Germany, may yet endanger all civilization by spreading back from Russia to Germany and thence throughout the world.

"History, we believe, will record the fact that though the sacrifice of life would have been great in driving our way on to Berlin, the sacrifice which we must yet make will be far greater than if we had faced the issue then and carried our flags in triumph to Berlin."

As the city council figures it two is a majority of five.

Getting next to your boy is splendid advice for you, fathers. Practicing it may often prevent him getting on to you.

We need a shot gun or other equally effective quarantine to stop the burglary epidemic.

Doubting the legality of the action Councilman Hoover had the best of legal reasons for declining to vote at the last election, so-called, held by the city council.

The Westmoreland-Butler district could select no better Democrat than General "Dick" Coulter to represent it in Congress.

Is there anything to prevent the authorities of Fayette county and the coke region generally joining with the Pittsburg police in getting rid of the fake stock promoters? They have quickened for the same kind of treatment as is being administered to the undesirable aliens.

Looking Backward

News of the Past Condensed from the Files of The Courier.

FRIDAY, FEBRUARY 16, 1900.

Detailed report of the Connellsville coke trade for the week ending February 9, shows a total of 12,981 ovens in the region of which 12,441 are in blast, and 1,540 idle, with a total estimated production of 104,572 tons.

Shipments for the week aggregated 6,025 cars distributed as follows: To Pittsburg, 1,500 cars; to points west, 3,275 cars; to points east, 1,250 cars, an increase of 125 cars as compared with the previous week.

Engineer Haggerty and Fireman Will Keenan are injured in a wreck on the Baltimore & Ohio railroad near Amleville.

Thomas Doyle, a miner, is instantly killed when he falls fifty feet down the west Newton shaft.

Notices are posted at every blast furnace in the Mahoning Valley of a reduction of ten per cent in wages to take effect March 1. Bad conditions of the iron market are given as the reason. There will be no strike.

The Baltimore & Ohio railroad is experimenting with steam heat, looking to the abandonment of the deadly car stove. Every car is fitted up with an iron pipe running all the way around the inside, beginning at one end under the seats and extending to the other. The West Newto express with Benton J. Murray, conductor, has been fitted up with new arrangement and thus far has given complete satisfaction.

Heating "Donts" for the Coming Winter

DON'T spend half a year's income for a furnace.

DON'T let 75% of your heat escape through your chimneys.

DON'T have plumbers' bills to meet every month.

DON'T burn one hundred bushels of coal when fifty will be sufficient.

The Three Sisters Economic Heating System make these things possible. Not a pipeless furnace, but a heating system that furnishes maximum heat at minimum expense.

Seeing is believing.
See our demonstration.

FLOOD CITY TEAM LOSES TO LOCALS BY A BIG MARGIN

Connellsville Has No Trouble Trouncing Johnstown By Score of 38-17.

MAKES SIX IN A ROW

Consecutive Victories for Team is Putting High School on the Athletic Map; Second Place in W. P. I. A. Clinched; Dunbar Township Next.

Connellsville's high school basketball team has hit its stride at last it won its sixth consecutive victory yesterday by defeating Johnstown high by the decisive score of 38-17 The team somewhat lacked the pep exhibited in the game with Braddock Saturday night but it was expected that the reaction from the high pitch to which the team had been worked for that contest would tend to lessen the speed of yesterday's clash

The team worked as a unit in outplaying the much heavier Johnstown basketeers The passing was good but the team was a little off on shooting from the field The forwards got down the floor well and outstripping the slower Johnstown guards got through for goals On the other hand the local guards pretty well broke up the visitors defense necessitating long shots by the Flood City boys most of which were missed

Connellsville took the lead at the opening of the game and throughout the first quarter it was a battle royal between the two aggregations to increase or lessen the margin between the scores The locals retained the lead during the entire game At the end of the first half the score stood 15-7

At the opening of the second half Johnstown took a spurt but did not entirely close the gap before Connellsville got going again

The game yesterday counted in the W P I A league Connellsville is now in second place, although Pittsburg papers still have the team in third place, credited with two games won and one lost. The locals are rightly in second place with six games won and two lost. The Braddock team is credited by Pittsburg papers with having won six and lost none Connellsville however defeated that team here Saturday

The seventh victory for Connellsville will be marked up Friday evening when the Dunbar township high school comes here

The lineup

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza doctors advise that nature be assisted in its building up process by the use of a good tonic—one that will not, only put strength, and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below

There's iron in Bio feren—the kind of iron that makes red blood corpuscles and creates vigor There is lecithin also probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite

There are other ingredients that help to promote good health as you can see by reading this formula, not forgetting kolo that great agent that puts the power of endurance into weak people

Taken altogether Bio feren is a splendid active tonic that will greatly help any weak run-down person to regain normal strength, energy, ambition and endurance

Bio-feren is sold by all reliable druggists and is inexpensive For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day until health, strength and vigor are fully restored

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind

Note to physicians There is no secret about the formula of Bio-feren It is printed on every package. Here it is Lecithin Calcium Glycero-phosphate Iron Peptonate, Manganese Peptonate, Ext Nux Vomica Powdered Gentian, Phenolphthalein Oleoresin Capsicum, Kolo

1919 Spring Announcement 1919

5 and 10c Wall Paper Co.

103 West Apple Street

Almost every one, it seems is going to decorate this Spring, all the people who put it off till after the war, people who have boys coming home from France, and people who have property to rent.

Accordingly, I would like very much to find out if you are planning to re-decorate and whether I may have the pleasure of figuring on your work, so that if I am fortunate enough to secure your order I can arrange my time so as to do your work when you want it done. I can best meet your convenience and wishes, providing of course, that I am favored with your order by planning the work as far in advance as possible.

I have my new wall paper samples in now, and they are unusually attractive. The new 1919 living room and bed room papers are particularly beautiful. My work as you undoubtedly know, is absolutely first class. I give careful attention to matching and shading the papers and avoid all unnecessary mess and disorder in the house, and my prices are absolutely the lowest possible, not only for materials but also for doing the work.

May I call and show you the new papers at your convenience.

Our work is guaranteed and neatly done.

The RIVER

By EDNAH AIKEN

© THE DODD MEAD COMPANY

His superior's question was uncharacteristically superfluous. Who had not read with thrilled nerves of that wild river which men had been trying to put under work harness? Who, even among the stay at homes, had not followed the newspaper stories of the failure to make a meek servant and water carrier of the Colorado, that wild steed of mountain and desert? What engineer no matter how remote, would not "follow" that spectacular struggle between men and Titans?

'Going to send me to Salton?" he inquired The railroad had been kept jumping to keep its feet dry His job to be by that inland sea which last year had been desert.'

"No. Brainerd is there He can manage the tracks I am going to send you down to the break."

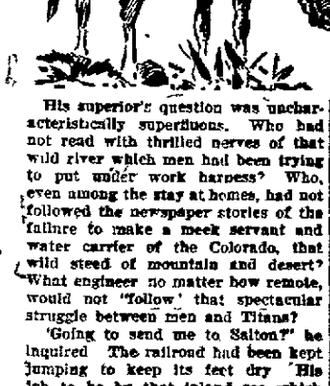
Richard did not answer He felt the questioning eyes of his chief

The break—where those Hardins were—how in thunder was he going to get out of that, and save his skin? Marshall liked his own way—

"We'll consider it settled, then."

"Who's in charge there?" Richard was only gaining time. He thought he knew the name he would hear Marshall's first word surprised him.

"No one. Up to a few months ago it was Hardin, Tom Hardin. He was general manager of the company He was allowed to resign, to save his



"I Am Going to Send You Down to the Break."

face as the Chinese say I may tell you that it was a case of firing He'd made a terrible fluke down there"

"I know," murmured Rickard. It was growing more difficult, more distasteful If Marshall wanted him to supplant Hardin! It had been incredible, that man's folly! Reckless gambling, nothing else. Make a cut in the banks of a wild river, without putting in head gates to control it, a child would guess better! It was a problem now, all right; the writer of the report he'd just read wasn't the only one who was prophesying failure Let the river cut back and the government works at Laguna would be useless, a pickle Hardin had made

Still to gain time he suggested that Marshall tell him the situation 'I've followed only the engineering side of it. I don't know the relationship of the two companies"

'Where the railroad came in? The inside of that story? I'm responsible—I guaranteed to Faraday the closing of that break. There was a big district to save, a district that the railroad tapped—but I'll tell you that later He was leisurely puffing blue, perfectly formed rings into the air, his eyes admiring them

'Perhaps you've heard how Estrada, the general, took a party of men into the desert to sell a mine he owned. After the deal was made he decided to let it slip He'd found something bigger to do, more to his liking than the sale of a mine. Estrada was a big man a great man. He had the idea Porgell and others had of turning the river of saving the desert He dreamed himself of doing it. If sickness hadn't come to him the Colorado would be meekly carrying water now instead of flooding a country Pity Eduardo, the son is not like him. He's like his mother—you never know what they are dreaming about Not at all alike, my wife and Estrada's"

Then it came to Rickard that he had heard somewhere that Marshall and General Estrada had married sisters, famous beauties of Guadalajara. He began to piece together the personal background of the story

"It was a long time before Estrada could get it started, and it's a long story As soon as he began he was knocked down Other men took hold. You'll hear it all in the valley Hardin' took a day to tell it to me! He sees himself as a martyr Promoters got in, the thing swelled into a swindle, a spectacular swindle. They showed oranges on Broadway before a drop of water was brought in Hardin has lots of grievances' He'd made the original survey So when he sued for his back wages he took the papers of the bankrupt company in settlement. He's a grim sort of ineffectual bulldog He's clung with his teeth to the Estrada idea. And he's not big enough for it. He uses the optimistic method—gives you only half of a case, half of the problem, gets started on a false premise. Well, he got up another company on that method, the Desert Reclamation company, tried to whitewash the desert project, it was in bad odor then, and he managed to bring a few drops of water to the desert."

"It was Hardin who did that?"

"But he couldn't deliver enough The cut silted up. He cut again the same story He was in a pretty bad hole. He'd brought colonists in already, he'd used their money, the money they'd paid for land with water, to make the cuts. No wonder he was desperate."

It recalled the man Rickard had disliked, the rough-shod loud voiced student of his first class in engineering. That was the man who had made the flamboyant carpets of the Holmes' boarding house impossible any longer to him He had a sudden disconcerting vision of a large unfinished face peering through the honeysuckles at a man and a girl drawing apart in confusion from their first and last kiss. He wanted to tell Marshall he was wasting his time.

"Overwhelmed with lawsuits," Marshall was saying. "Hardin had to deliver water to those colonists. It was then that he ran over into Mexico, so as to get a better gradient for his canal, and made his cut there You know the rest. It ran away from him. I made the Salton sea."

"Did he ever give you any reason," frowned Rickard reminiscently, "any reasonable reason why he made that cut without any head gate?"

"No money" shrugged Marshall, getting out another cigar "I told you he's a raw dancer, always starts off too quick, begins on the wrong foot. Oh, yes he has reasons, lots of them, that fellow but, as you say, they're not reasonable. He never waits to get ready '

Why was it that the face of the half-sister came to Rickard then, with that look of sensitive high breeding and guarded reserve? And she a Hardin' Sister to the loud spilling mouth! Queer cards nature deals' And pretty cards Marshall was trying to deal out to him. Go down there and finish Hardin's job, show him up to be the fumbler he was, give him orders, give the husband of Gerty Holmes orders—!

'It was Hardin who came to me, but not until he'd tried everything else They'd worked for months trying to dam the river with a few lace handkerchiefs, and perhaps a chiffon veil!" Marshall was twinkling over his own humor "Hardin did put up a good talk It was true, as he said, we'd had to move our tracks three, no four times at Salton. It was true that it ought to be one of the richest districts tapped by the O P But he clenched me by a clever bait—to put out a spur in Mexico which would keep any other railroad off by a fifty mile parallel, and there the sandhills make a railroad impossible.

"The government must eventually come to the rescue Their works at Laguna hang on the control of the river down at the bending Once, he told me—I don't know how much truth there was in it—the service, reclamation service, did try to buy up their plant for a paltry sum He wouldn't sell The short is, I recommended long sighted assistance to Faraday I promised to turn that river, save the district. We expected before the year was out to have the government take the responsibility off our hands."

Rickard made an impatient shrug. A nice problem Marshall had taken unto himself. He wanted none of it. Hardin—the thing was impossible

He met laggardly Marshall's story He heard him say "Agreed with Faraday The Desert Reclamation company was as helpless as a swaddled infant. We made the condition that we reorganize the company I was put in Hardin's place as president of the corporation, and he was made general manager Of course we had to control the stock. We put up two hundred thousand dollars—Hardin had estimated it would cost us less than half that! It's cost us already a million. Things haven't been going right. Faraday's temper burst out, and Hardin a while back was asked to resign

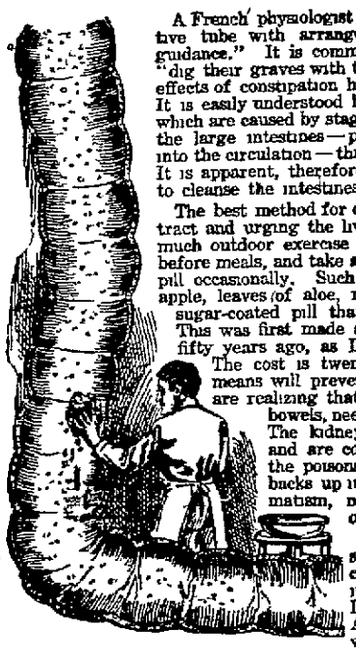
Auto-Intoxication

EXPLAINED

BY SAMUEL HAMILTON, M. D



A French physiologist described man as a "digestive tube with arrangements for locomotion and guidance." It is commonly said that most people "dig their graves with their teeth." The disastrous effects of constipation have always been well known. It is easily understood how serious are the troubles which are caused by stagnation of decayed matter in the large intestines—poison reabsorbed and taken into the circulation—this is called auto-intoxication. It is apparent, therefore, that the first necessity is to cleanse the intestines thoroughly.

The best method for cleansing the whole intestinal tract and urging the liver into activity is to take as much outdoor exercise as possible, drink hot water before meals, and take a pleasant laxative, vegetable pill occasionally. Such a one is made up of May-apple, leaves of aloe, root of jalap, made into a sugar-coated pill that gives tone to the bowels. This was first made and sold by druggists nearly fifty years ago, as Dr Pierce's Pleasant Pellets. The cost is twenty-five cents Such simple means will prevent auto-intoxication People are realizing that the kidneys, just as do the bowels, need to be flushed occasionally The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs I would advise any one to get Anuric (double strength) which is to be had nowadays for sixty cents, at almost any drug store, and take it three times a day. Also drink hot water before meals.

Dunbar Negro Gunman Aided in Fighting Influenza.

Andrew Bryant a negro of Dunbar pleaded guilty in court in Uniontown yesterday to shooting through the window of Leah Perkins of that place wounding her in the hand. District Attorney Morrow who investigated the case, was called on to tell what he knew about the man The district attorney said the only good thing he could say for Bryant was that he was a great help in fighting the flu epidemic in Dunbar

Another Dunbar negro, Joshua Parker was given six months in jail charged with the theft of some dress goods to the value of $15 from August Lusalegga.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

Captain Thomas L. Cort to Arrive Home on Saturday.

WILL SPEND TWO WEEKS HERE

Mrs. Sarah Ellen Dillon, Widow of Stewart Dillon, Dies at the Age of 82; Daughter Born to Arthur Smitley Family; Other News of the Day.

Special to The Courier.

MOUNT PLEASANT, Feb. 12.—Captain Thomas Laird Cort will arrive home on Saturday from the government hospital for a two-weeks' stay with his parents, District Attorney and Mrs. N. A. Cort. Captain Cort is coming on to see his sister, Mrs. Wilfred Larimer, before she leaves for California with her husband for a six weeks' stay. After visiting here Captain Cort will go on to New York City to visit Mrs. Cort's sister, Mrs. Jennie Kimball, before returning to the government hospital where they will continue to treat him before he is discharged from the service.

Mrs. Sarah E. Dillon.

Mrs. Sara Ellen Dillon, aged 82 years, wife of the late Stewart Dillon, died at her home in Cemetery avenue. She is survived by two sons, James and Harry, of this place and five daughters, Mrs. Charlotte Galbraith, Mrs. Etta Adams, Misses Mollie, Elizabeth and Laura at home. Funeral services will be held on Thursday and interment will follow in the local cemetery.

Daughter Born.

Mr. and Mrs. Arthur Smitley are the parents of a daughter, born at their Shupe street home.

Mother and Daughter Improve.

Mrs. Homer Rumbaugh and her mother, Mrs. John Walker, who have been ill of influenza, are able to be about their home.

Personal.

Miss Violet Firmstone, a nurse at the Cottage State hospital, spent the day here with her sister, Mrs. Charles Feaggely.

Miss Mollie Long of New Stanton spent yesterday here with friends.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right, must begin to take inside baths. Before eating breakfast, each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.—Adv.

SHERMAN DIDN'T KNOW WHAT MARCH REALLY WAS, SAYS BOY WHO HIKED INTO GERMANY

That when Sherman marched through Georgia he and his men did not get a real taste of hiking, as compared with what the Army of Occupation has experienced; that the Germans treat the Americans better than the French did, and that prices in Fayette county are low compared with what merchandise costs in the devastated lands are some of the conclusions of Private Clarence Eugene Martin, Company D, 169th Infantry, in a letter to his mother, Mrs. C. S. Martin, at Dunbar. In part, under date of December 25, he says:

"Having a chance I thought I would write you a few more lines to let you know how I am spending my Christmas. We have nothing to do all day, and for dinner we had roast pork, also mashed potatoes and rice pudding, so you see we had a pretty fair dinner. The Y. M. C. A. today gave us each one box of tobacco, a cigar, some cigarets, a bar of chocolate, also a cup of hot cocoa; so you see they are doing their bit, too. We had a Christmas tree and a real live Santa Claus, so you see the people at home had nothing on us. Well, mother, one year ago I never dreamed of sitting in a town on the banks of the Rhine and writing to you at home. I would like to have my Premo, for there are some pretty pictures in these hills with snow on the tops. O yes, when we got up this morning the ground and trees were all white with snow, so it made it look like a real Christmas.

"I suppose you all know about our march to the Rhine and it was some march, too. Believe me, it was a hard march. General Sherman did not know what marching was when he marched through Georgia. He should have been with the Third Army on its march from Verdun, France, across the corner of Belgium, through the state of Luxemburg to near Coblenz, Germany.

"This old Rainbow Division has been making history over here. We were driving the Germans on the sixth of November, and the sons-of-guns ran so fast we had to throw our packs away to keep up with them until we reached our objective.

"We were hiking back for a rest on November 11 when we heard of the armistice being signed. There were some happy boys when they heard it.

"We have taken ground from the Boches that both the French and English couldn't take. They said it could not be taken from them, but we took it. That is why we are where we are today. I wouldn't take a million dollars for what I have been through and seen in Verdun and the rest.

"These German people treat us a whole lot better than the French did. The fact is that the soldier boys did not like the French, at least most of them did not, and I am one of the most.

"Mother, in the few days it took us to march through Belgium whole towns fell out with hands to welcome us, and it almost pays for the hard fighting and sleeping in holes with four or five inches of water in them just to see the joy of the people. The people of Luxemburg were almost as bad for the Germans had cleaned them out of everything. The people back home know nothing about the high cost of living. One farmer there, he was an Englishman, but had been living in Luxemburg for year, and our company stayed at his place one night, and he told us he bought some bacon that day and the price equaled $5 a pound and shoes cost $70 a pair.

"We held the line at Verdun for six days and nights and then went after the Huns, but it didn't amount to much for they ran so fast. No one in our company was killed and we came on a machine gun post only now and then."

Dawson.

DAWSON, Feb. 10.—Miss Mary Mong spent Sunday at the home of her sister, Mrs. Charles Hansel of Uniontown.

Rev. W. B. Purnell left this morning for Johnstown where he will spend the week.

Mr. and Mrs. William Ambrose of Mount Braddock were Sunday guests of Mr. and Mrs. Charles Gaal, North Dawson.

Thomas Zimmerman of McKeesport spent Sunday with his parents, Mr. and Mrs. Thomas Zimmerman, Sr.

MY! BUT IT'S GREAT, HOUSEWIFE STATES

Mrs. Elizabeth Arndt, 2062 E. Atlantic st., Philadelphia, who keeps home comfortable for husband and child, says: "My, but it's great to be restored to health when one is in the condition I was in. All my food seemed to lie on my stomach. After a while it would develop into pain and headaches. Frequently before night I would have a raging headache and sometimes be faint with vertigo. I read about Tanlac and I bought some. I've never had a single return of those spells of vertigo, and have not noticed even the faintness and I am in a number of ways better and stronger. Headaches have gotten less frequent, until they're almost a forgotten annoyance."

The genuine J. J. Gore Co. Tanlac is now sold here by Beighley, Harmening and Connellsville Drug Stores.—Adv.

Words to the Wise

Most of us enjoying good health and spirits are careless of our diet.

We eat more and oftener than we should, foods which sooner or later upset the stomach. Then trouble sets in, taking the form of biliousness, indigestion, sleeplessness, dizziness and languor. We feel ill, cross and stupid; we become bores to our friends and to ourselves; life becomes a thing of horror not worth living. Yet, all this is absolutely unnecessary. Stop, think a moment!
